March 2022

## *Principal's Ponderings...*

We are excited to share the growth and progress with our families on the last day of February during parent teacher conferences. We appreciate the support of our families as we had several AMI days due to weather. We kick off the month of March with Read Across America week as we love to celebrate reading here at Daly Elementary. This month also celebrates the 100th day of school and the opportunity to see a musical performance at CMU. We will welcome Dr. Quint and her staff for dental health presentations. Due to weather we will combine our Falcon Fests this month and celebrate our February and March winners. At the beginning of April, we also have our kindergarten screenings. We look forward to meeting many new faces that will be joining us for the upcoming school year.

## Counselor's Corner...

Due to weather and days of school missed, we are continuing our Junior Achievement curriculum and will finish up soon. This curriculum is designed to teach the students about communities, businesses, and economics. It has fun activities for each grade level. The students enjoy this unit and they will be bringing several things home to share what they have learned. If you have any questions or concerns please feel free to contact me at [cspaeder@fayetteschool.org](mailto:cspaeder@fayetteschool.org) or 660.248.3800
