Navigating

Tyler SIS Student 360 is designed to be touch-friendly for tablets and computers with touch screens, but it also works well with keyboard-and-mouse input. Throughout this document, wherever the word “click” is used, tablet and touch-enabled computer users can tap instead.

The Navigation Bar sits at the top of the screen and allows you to navigate quickly.

- **Back** – go back a page
- **Home** – return to the Student Summary screen
- **Menu** – this menu shows all of the areas to which you have access so you can quickly navigate between areas without returning to the Student Summary
- **Student** – switch between your students enrolled in the district
- **Year** – choose the Academic Year for which data displays
- **User Preferences (displays as your name)** – access Notification Preferences, change your password, and log out from this menu
- **Language** – change between available languages
- **Help** – access a general navigation guide for Tyler SIS Student 360

At the bottom of each screen is the Tool Bar, which changes based on which data area is being viewed. The rest of the screen displays student data.

Throughout Tyler SIS Student 360, student data is arranged into Data Grids, with one row per record (for example, one row per course on the Course Schedule screen) and multiple columns. When viewing a Data Grid, you can sort the data by clicking on a column heading.

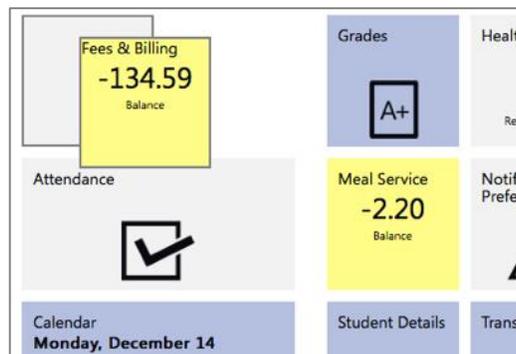

The first column on many Data Grid screens is labeled “More” with a + (plus sign) icon for each row. The + icon indicates more data is available. Clicking a + icon will expand the row, and the icon will change to a – (minus sign). Click the – icon to collapse that row and hide the extra details.

Screens that have More columns also have Expand All and Collapse All buttons on the Tool Bar. Clicking those buttons will expand and collapse all of the rows on the screen.

Student Summary

Upon logging in, the Student Summary screen is displayed. The student's picture and name appear in the upper-left of the window, and the Academic Year shows on the right. Each of the tiles on this screen link to data for the selected student in the selected Academic Year.

You can rearrange the tiles on this page so that the tiles you feel are most important for a student appear first. To move a tile, click and drag the tile where you want it to be. When you drag a tile to a location, a gray outline will appear, and letting go of the tile will snap it into that place.

Some tiles on the Student Summary screen show a quick summary of that area. For example, the Assignments tile shows the number of assignments due today and tomorrow as well as indicates how many assignments the student is missing. Additionally, some tiles turn yellow to alert you that something needs your attention. In the screenshots above, Fees & Billing and Meal Service are yellow to indicate the student has a negative balance in those areas.

Tiles come in three sizes: Normal, Wide, and Large. Two Normal tiles or a single Wide or Large tile fit into a column. The tiles flow from top to bottom, then from left to right into each column. Tyler SIS Student 360 will remember how you arrange each column for each student. Switching Academic

Years may change which icons are available, and this may result in previously-arranged icons being moved.

The columns that deal with student scores on the By Course tab are not shown on the Upcoming/Missing tab because the student does not have a score for these assignments yet.

The color-coding indicates when assignments are due.

- **Green** – the assignment is due tomorrow
- **Orange** – the assignment is due today
- **Blue** – the assignment due date has passed, but no mark or score has been entered
- **Red** – the assignment has been marked missing by the teacher

The Color Legend button on the Tool Bar displays these colors and their meaning.

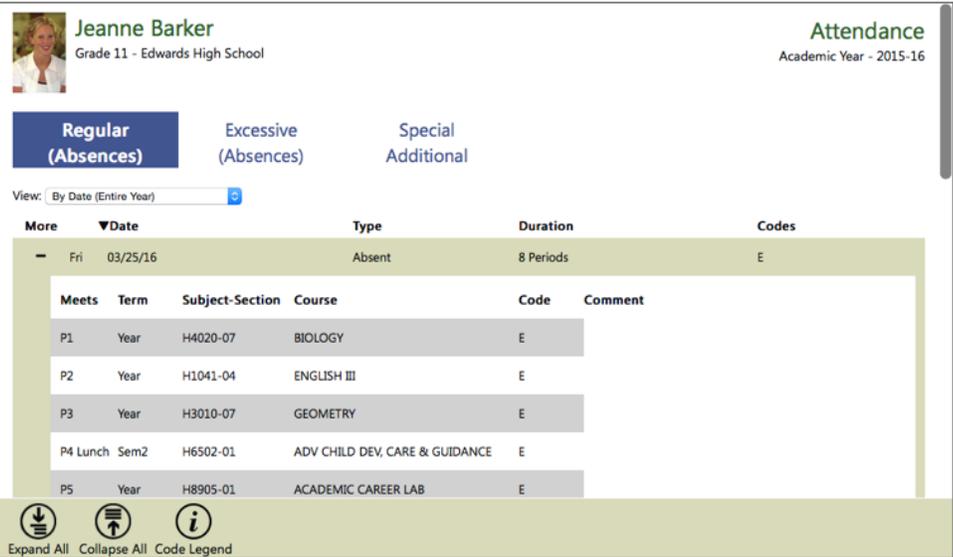

Advanced Search

The Advanced Search button on the Tool Bar lets you look for assignments that meet certain criteria. On the Advanced Search sidebar, enter the search criteria and click OK to search. Only assignments that meet those criteria will be shown. To clear the search criteria, use the Clear button.

NOTE: The Advanced Search can be used to select a wider date range than the 30 days back and 30 days forward that shows by default.

Attendance

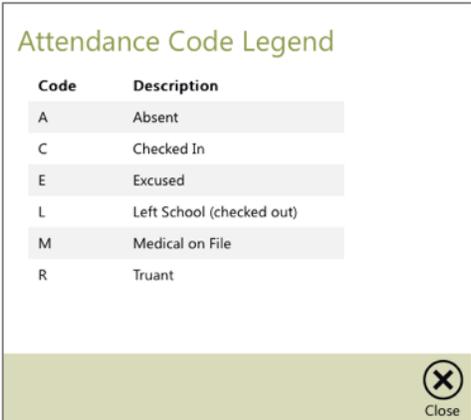

The Attendance screen displays three types of attendance:

- **Regular (Absences)** – a grid displaying each date or course for which the student has been absent.
- **Excessive (Absences)** – the tracking groups that could result in letters being sent due to excessive absence
- **Special Additional** – if a student attends school outside of his or her course schedule, these records display here

Regular (Absences)

This screen shows the times when a student was absent from school. Use the View drop-down to display these records arranged four ways:

- By Date (Entire Year) – shows the absences in reverse-chronological order
- By Course Schedule – shows the absences sorted by course
 - Today Only – shows all absences, but only for courses that meet today
 - This Term – shows all absences, but only for courses that meet this term
 - All – shows all absences for all enrolled courses

The Code Legend button on this screen’s Tool Bar shows the explanation for each Absence Code in the grid.

Excessive Absences

If the student has been included in tracking groups for an excessive number of period or daily absences, those records display in the Excessive (Absences) grid. The + button in the More column shows additional details about a tracking group, including any courses or periods that are being tracked.

Show Progress Grades

Student grades display on the Grades screen. This screen combines gradebook grades with posted end-of-term grades to give a complete overview of the student’s grades. The Grades screen has two views: Traditional, where regular letter grades display, and Standard-Based, which shows student marks for curriculum standards. Click the title of each to switch between them.

Traditional

The Traditional view shows each course where the student has a grade and a column for each term. Progress grading periods can be turned on and off by using the Show Progress Grades checkbox at

the bottom of the screen. Students who are enrolled in multiple schools, like both a high school and a career education center, will have one grid for each school and show the grades from that school separately.

Grades that are underlined are links to see gradebook assignment details for that class and term. If the grade shows with a green background, that grade is an in-progress grade that has been calculated from the gradebook, rather than a finalized grade that appears on a report card. Use the + icon in the More column to see additional detail for that course, including a link to Attendance and to email the teacher.
